# tissino

Creating exceptional bathroom experiences is at the heart of Tissino.

Inspired by a passion for Italian design, our products expertly balance function and form and uphold a quality of excellence which is made to last. Our core collection is complimented by a design-led, exclusive range – Esclusiva – which has been meticulously crafted in line with moving trends.

From showering to heating, our extensive range undergoes rigorous quality and performance testing, with ease of installation always a priority.

With decades of experience in bathroom design and innovation, our team are dedicated to making your space feel like a sanctuary which can be enjoyed for many years to come.

At Tissino, every product begins its journey with our in-house design team. Inspired by the harmony of Italian design and driven by a passion for innovation, our experts start by imagining how each piece can enhance the bathroom experience.

From the first sketch to the final detail, every product is thoughtfully designed to balance style, functionality, and quality.

The journey doesn't end there. Once a concept is born, it undergoes a meticulous process of refinement.

Our team works rigorously, testing and perfecting every element to ensure it meets the highest standards of performance and durability.

Whether it's a sleek shower enclosure or a beautifully crafted heating solution, no product leaves our hands until it's proven to excel in both form and function.

We pride ourselves on offering a diverse product range that caters to all tastes and budgets, combining the latest trends with timeless elegance.

Behind every product lies a story of dedication, craftsmanship, and an unwavering commitment to quality—so you can trust that every Tissino piece is made to transform bathrooms into a space to be loved for years to come.

## Giorgio Lux

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an integrated maxi-flow waste outlet, so as the water hits the surface, it is channelled away discreetly and efficiently.

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower - a sleek, slip-resistant surface that adds a touch of class to any shower enclosure.

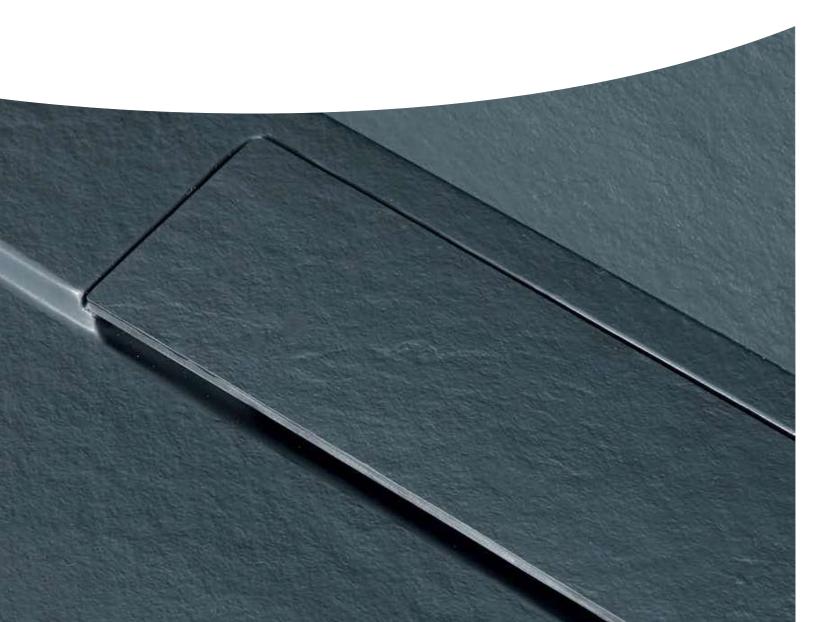

- Beautiful natural slate effect finish
- Highly durable, scratch & slip resistant surface
- Unique hidden & maxi-flow waste design with 32 litres/min flow rate
- Wide selection of sizes
- One free tube of colour matched adhesive & sealant with every tray

With endless possibilities, including design options such as flipper and walkthrough choices, plus coordinating stabilising bars, Tavo adapts effortlessly to your bathroom needs. Follow the step-by-step guide on the following pages to create the ideal setup for your project.

/ Choose from Clear, Grey or Fluted glass

/ Ultra-clear glass eliminates the green tint often seen in standard glass

/ Features Brillo Vetro easy-clean glass coating for reduced maintenance

/ Aluminium profiles available in Chrome, Matt Black, Brushed Nickel, or Brushed Brass (PVD coated)

/ A wide selection of glass panel sizes and configurations to suit any layout

/ 2000mm tall panels made from sturdy 8mm glass

5 Year Guarantee

Toughened Glass

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity

Wetroom Compatible

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

Tavo Glass Range

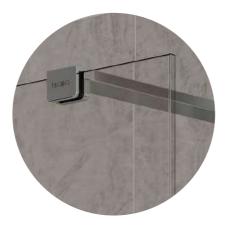

### Fluted Glass

Transform your bathroom with our stylish Fluted Glass. Ideal for a modern and distinctive look, this option pairs seamlessly with Stratto fluted furniture and other fluted accents, adding a touch of contemporary elegance to your shower area.

### Smoked Glass

Make a bold statement with our Grey Smoked Glass. This stylish option brings a contemporary twist to classic shower areas. Perfectly pair it with Matt Black profiles for a striking look or contrast it with Chrome or Brushed Brass for added elegance.

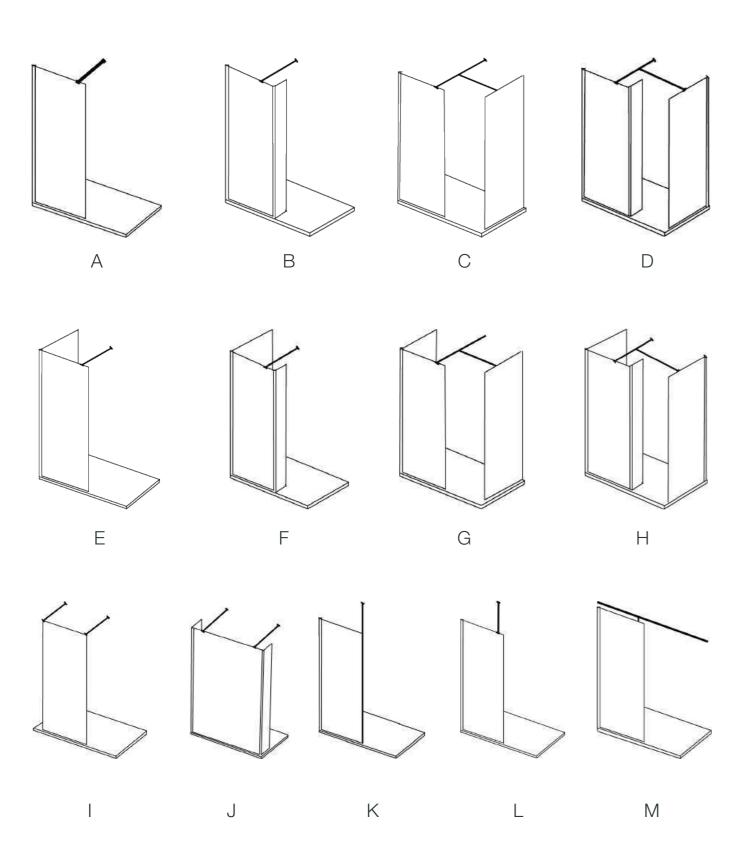

### Ultra Clear Glass

Experience unparalleled clarity with our Ultra Clear Glass. Engineered to eliminate the green tint found in standard glass, it offers a pristine, crisp finish that enhances the overall aesthetics of your shower space.

Toughened Glass

Wetroom Compatible

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

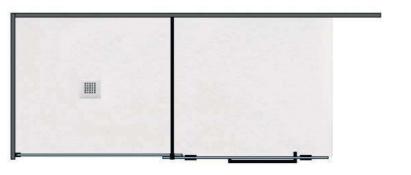

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Armano shower will stay looking like new for longer.

Toughened Glass

Wetroom

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Idro shower will stay looking like new for longer.

Brassware and Showers Collection

Tissino's brassware and shower collection brings an elevated sense of sophistication and modern luxury to bathroom design. The newly introduced Arturo, Santuro, and Vario ranges offer an expansive selection of beautifully crafted taps, showers, and accessories designed with meticulous attention to detail. Each range is the embodiment of sleek aesthetics and superior performance, ensuring the bathroom not only functions flawlessly but exudes elegance in every aspect.

Alongside these new collections, we've introduced a stunning new finish-Brushed Nickel. With its subtle sheen and refined, contemporary appeal this finish offers a luxurious alternative for those looking for a neutral yet high-end metallic tone. Alongside Brushed Nickel, the ranges also include Brushed Brass, Matt Black, and Chrome, ensuring that no matter the style, Tissino offers the perfect match. These finishes work seamlessly across the entire brassware and shower range, providing a complete solution that effortlessly complements any bathroom aesthetic.

# Santuro

ESCLUSIVA

With a range of seven handle types, four beautiful finishes and ten tap styles, Santuro offers a unique take on bathroom design.

Combining a sleek, rounded body with a precisely defined square spout, it strikes the perfect balance between soft curves and angular precision, creating a versatile statement piece for contemporary bathrooms.

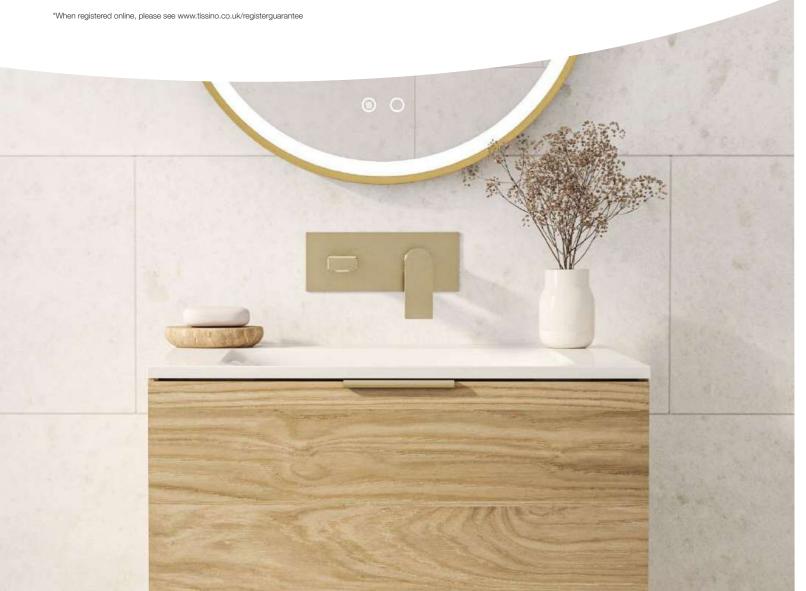

- Solid brass construction including handles for unparalleled durability
- Select from seven distinctive handle styles—Knurled, Full Flat, Fluted, Wide Fluted, Round Lever, Rectangular Lever, and Smooth Round-to tailor to any design style
- Available in Brushed Brass, Brushed Nickel, Matt Black (all PVD-coated for enhanced durability), and classic Chrome
- A selection of ten styles, including bath-shower mixers and freestanding taps provides a consistent look across all fittings
- Innovative quick-fit boxes simplify the installation process for wall-mounted mono and freestanding bath-shower mixers
- Backed by a 20-year guarantee, including coverage for the cartridge, ensuring lasting durability and peace of mind
- Perfectly pair with Vario Showering Brassware for a cohesive look- See page 122

## Londra

There are two different bath sizes in the Londra collection, both manufactured from premium grade acrylic with its characteristically warm-to-the-touch comfort and seductive sculptural form.

The baths are double ended for flexibility, and have been designed to maximise the internal bathing space with slim rims and plenty of room. Not that the slimline features make for a lack of strength, these are sturdy baths designed for both function and comfort.

- / Efficient insulation system
- / Integrated waste and support system
- / Available in two sizes

10 Year Guarantee

Perma Bianco - crafted from high-quality acrylic to create durable baths and panels that resist discoloration, with panels colour-matched to the baths for a seamless finish

## Messina Bath Screens

The Messina series of bath screens are supplied in 6mm glass thickness and protected with our unique Brillo Vetro coating, ensuring resistance against soap deposits for easier cleaning.

Available in Chrome, Brushed Brass and Matt Black finishes, those with a hinged design, feature a rise and fall hinge preventing wear and ensuring a tight seal.

- / Choose either a square or curved corner
- / Fixed, hinged and pivot options
- / Rise and fall hinge allowing the seal to lift on and off the bath rim
- / 20mm adjustment

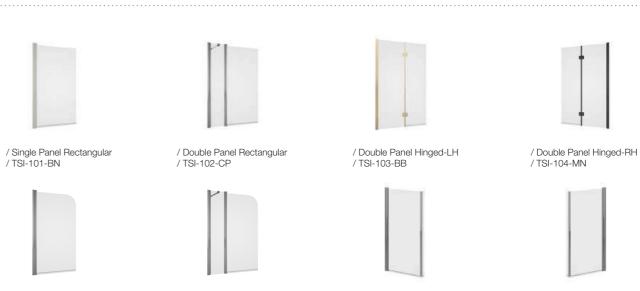

10 Year Guarantee

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Messina shower will stay looking like new for longer.

## ESCLUSIVA

## Vitolo

ESCLUSIVA

The Vitolo collection combines durability and elegance, inspired by the timeless beauty of Italian sculpture. Crafted from solid mineral stone resin material with a smooth satin finish in Matt White, Vitolo basins and countertops offer exceptional strength, easy maintenance, and refined style for contemporary bathrooms.

Choose from three basin designs and versatile countertop sizes to complement a range of interiors.

- Solid surface composite with smooth satin finish
- Matt White for a clean, contemporary look
- Three basin designs: square, rectangular, and circular
- Countertops available in 600mm, 800mm, and 1200mm sizes to suit Tissino furniture ranges
- No overflow or tapholes on basins
- Easy to maintain with a reassuring ten-year guarantee

### Vitolo Countertop Basins

Both the basins and countertops are manufactured from solid mineral stone resin material with a satin finish, ensuring that they are robust and hard wearing while also looking exceptionally beautiful to the eye. The Matt White finish complements almost any bathroom style, enabling Vitolo products to work in a wide range of contexts from cool minimalism to more contemporary interior designs.

The countertops are a similarly smooth satin surface and are available in size options to fit furniture of 600mm, 800mm and 1200mm. All Vitolo countertops also benefit from a reassuring ten-year guarantee.

## Nerola

The Nerola collection offers sleek, contemporary sanitaryware designed to combine modern aesthetics with practicality and comfort.

Featuring a range of models, two seat designs, and comfort height options, Nerola delivers versatile solutions for any bathroom.

- / Rimless pans for improved hygiene and easy cleaning
- / Choose from regular and comfort height close coupled, back to wall options plus wall hung pans
- / Co-ordinating bidet and full / semi pedestal basins available
- / Dual Flush System
- / Matching fixings and flush buttons to co-ordinate with brassware ranges
- Comfort Height options are 50mm taller than regular height, ideal for those whose preferences are better suited to taller sanitaryware

### Nerola Our Pan Ranges

Close Couple Pan

Classic design that fits with every bathroom.

Wall Hung

Create the illusion of more room with a hidden cistern and flush plate from our Rocco2 range. Back to Wall

Suited to a more modern look. More convenient to keep clean and takes up less space.

Open Back

Allows pipework to be built either at the side or behind the toilet and increases flexibility.

### Nerola Our Seat Ranges

Choose between two seat designs – the slimline or wrapover. The slimline seat gives a more minimal overall look.

Whereas, the wrapover seat offers a clean look and works well paired with close coupled models where the cistern sits directly behind the toilet bowl.

Add warmth and style to your bathroom with Tissino's premium heating solutions. Our collection of heated towel rails offers both elegance and practicality, providing a cosy environment while warming your towels and robes. Whether you opt for a model that integrates with your central heating system or a standalone electric option, each piece is designed to provide maximum heat output, deliver efficient performance and long-lasting quality.

Available in a variety of luxurious finishes, and a multitude of styles, our heated towel rails are the perfect addition to any bathroom, combining both form and function seamlessly.

#### Central Heating

Central heating towel radiators are plumbed directly into the main heating system and,

will switch on and off in alignment with the house temperature controls.

#### Dual Fuel Heating

A dual fuel towel rail is plumbed into central heating systems and features an electric heating element.

They can be heated by the main heating system in the house, or when the heating system is not in operation it can be activated in isolation and heated by the element.

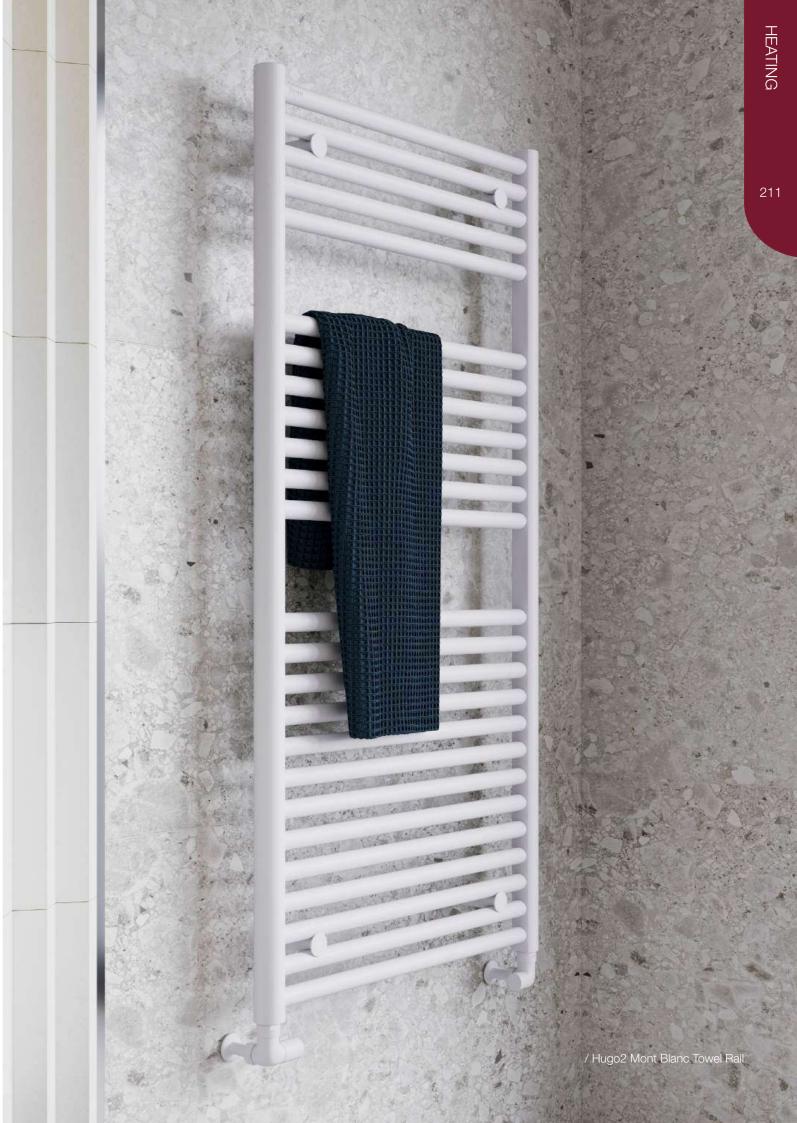

#### Electric Heating

Electric towel rails operate separate from the main heating system in the house.

Choose from standard element, which will switch to full power when turned on, or a temperature controlled element, where you can set the temperature manually.

# **Emilio**

The novelty of an open-ended bathroom towel rail makes popping the towel on even easier, making our Emilio design perfect for households looking for a solution to wet towels being stuffed between the frame!

This heated towel rail is reversible so the opening can sit on either side to suit any bathroom layout.

- Open ended design with 25mm semi-recessed bars
- Available in four colours: Chrome, Graphite, Matt White and Matt Black
- Concealed wall fixings
- Reversible radiator to allow the opening to be on the left or right side
- Four sizes available
- Smooth finish
- Choose from two valve types to complete your configuration
- Horizontal rails inset to reduce overall protrusion into the room

Hugo2 exceeds CE quality requirements and heat outputs have been tested to EN442

### Hugo2 Introduction

### Central Heating

Central heating towel radiators are plumbed directly into the main heating system and,

will switch on and off in alignment with the house temperature controls.

### **Dual Fuel Heating**

A dual fuel towel rail is plumbed into central heating systems and features an electric heating element.

They can be heated by the main heating system in the house, or when the heating system is not in operation it can be activated in isolation and heated by the element.

### Electric Heating

Electric towel rails operate separate from the main heating system in the house.

Choose from standard element, which will switch to full power when turned on, or a temperature controlled element, where you can set the temperature manually.

Attention to detail with our logo emblazoned on every product

### Guarantee

Full details of our guarantee can be found at: www.tissino.co.uk/guarantees

### Technical

The colours and the effects in this catalogue are indicative for the limits allowed by the printing process; for this reason they cannot be binding and be the base for possible claims. Finishes may vary in appearance depending on the material they are applied to. Whilst we strive to ensure consistency across all materials, slight variations may occur between products manufactured from different base products. We would recommend ordering samples prior to purchase.
